## About KINDOM

Kindom is a contemporary slow fashion brand that aims to combine style, sustainability, and indigenous textiles from around the globe into trend-focused styles that have meaning and purpose.

Kindom was founded in 2017 with a mission to create a community (i.e. Kin-ship) that incorporates eco-friendly and sustainable practices at all levels, creates great products that delight and inspire, and protects and benefits the environment and humanity for generations to come.

Through consistent awareness and active efforts to ensure that clothes are produced according to fair-trade standards, using organic, recycled, reclaimed, plant-based, high-quality and long-lasting materials, Kindom aims to reduce commercial textile waste. Staying true to the concept of slow fashion, each collection is limited and exclusive, due to the finite materials available.
